

Introduction

The Family Centre is an organization that works to support families and children to help them flourish, and to help people engage with one another in order to promote healthy, safe, and economically viable communities. This *fACT Sheet* provides an overview of two particular services offered: Education Services and Centralized Interpreter Services.

A Bit of Background

With a history dating back to the 1960s, **Education Services** has provided numerous workshops and served thousands of clients globally. They offer a variety of workshops for parents, couples, individuals, and organizations. The workshops are designed to give practical tools for clients in the community to learn positive and healthy ways to raise children, maintain relationships, and go through change. There are supports available to help clients resolve challenges more effectively or to learn new skills to better steer through life's transitions.

Centralized Interpreter Services began in 1989 with a mission to bridge the communication gap between individuals worldwide. They offer qualified and certified professionals who provide services focused on quality, efficiency, and personalized solutions. With over 30 years of industry experience, the program provides interpretation, translation, and transcription services to both individuals and organizations in over 80 languages and dialects.

Education Services Workshops

Education services offers over 20 workshops for individuals and over 50 workshops for organizations. Clients have the option to attend these courses virtually or in-person. They offer full courses and mini sessions throughout the year for anyone over the age of 18. Depending on the course, group sessions and private sessions are also available. Some of the many workshops offered are shared here.
